

Elsevier, as part of the Reed Elsevier Group plc., is a market leader for scientific, technical and medical publications and information. The company publishes more than 1,800 journals, 2,200 new books per year and a range of innovative electronic products.

Elsevier (Singapore) Pte. Ltd. is the regional headquarters for the Asia Pacific region. Over the years, we have successfully served our academic, government and corporate customers in APAC.

As part of our continual post-sales support to our customers, we are seeking dynamic and dedicated team players to join the company on a freelance basis as Training Consultant.

Freelance Training Consultant (3 positions)

We are looking for trainers residing in the Southeast Asian countries to train librarians and end-users on Elsevier's electronic products such as ScienceDirect and Scopus in Southeast Asia.

You are likely to meet the following requirements:

- A library professional with working experience in Library User-education and/or Information Literacy activities, or a postgraduate currently pursuing library-related courses
- Adept at using and instructing electronic databases
- Proficient in Microsoft Powerpoint
- Command excellent presentation skills in English Language. Fluency in additional language, such as Thai or Bahasa Malaysia, will be extremely advantageous.
- Willing to travel for up to 2 days to various states within your country of origin, and possibly countries in Southeast Asia such as Hong Kong, Malaysia, Singapore and Thailand.
- Knowledge of academic and research related activities will be advantageous.

Interested applicants, please email your curriculum vitae to Janice Chia (Account Development Manager) at j.chia@elsevier.com

Applications will be reviewed as and when they arrive.
We regret that only shortlisted candidates will be notified.
