

# LIBRARIES FOR TOMORROW SEMINAR 2011

14 APRIL 2011, THURSDAY | 9AM – 5PM | BIOPOLIS AUDITORIUM

Can't get enough of Libraries for Tomorrow Seminar in 2009?

## JOIN US NOW FOR THE SEMINAR IN APRIL 2011!

Due to popular demand, this year's Seminar will be a full day event where interesting and creative technologies that create Libraries for Tomorrow will be shared! Don't miss this excellent platform to learn about new insights, challenges, and trends in the library environment from your fellow professionals. The seminar will feature paper and poster presentations highlighting the best practices - from technological innovations to enhanced library services and library management. Learn from examples of what libraries are doing with these technologies, and acquire specific skills or knowledge that can be taken back and adapted for use within your own library.
