

LFT 2016 – Smart Libraries For Tomorrow

Smart Technologies Toward An Open Concept Library

Andy Heng

Defence Science and Technology Agency

About DSTA

DSTA shall harness and exploit science and technology, and provide technological and engineering support, to meet the defence and national security needs of Singapore.

The Knowledge Worker

Disintermediation

“...both societies and economies as we know them are becoming more and more disintermediated...”

– Peter Ho, at the Ministerial Forum on ICT (June 2015)
